

## Regional Artist Support Request Guidance

The Regional Artist network is designed to support you to develop professionally within the contemporary dance sector in Moray, the Highlands, the Western Isles, and up to Shetland.

We can offer both in-kind and financial support to individuals engaged with contemporary dance practice<sup>1</sup>. A full menu of support can be found on our website at:  
<https://www.dancenorth.scot/make/make-regional-artist-support/>

With continued support from Creative Scotland, we have £2100 in funding to distribute to our network members this year.

This funding will be awarded as bursaries, reviewed in the order applications are received (first-come, first-served). Allocation will be based on specific criteria, which you can find detailed in the guidance document. Please note that the maximum bursary an individual artist can receive is £300.

The request form is not meant to be lengthy or time-consuming. A short paragraph is all that is required as an answer to the text-based questions.

If you would like to discuss the process in advance of submitting, please contact us on [info@dancenorth.scot](mailto:info@dancenorth.scot)

### Eligibility criteria

We only accept requests for support from Regional Artist Network members.

Enquiries are welcome from individuals engaged with contemporary dance practice, who are interested in developing professionally within the sector, and who have an existing relationship with Moray, the Highlands, the Western Isles and/or Shetland. This relationship could include being resident within the region of having established working partnerships with regional organisations, venues and/or groups. Eligible individuals must demonstrate a commitment to engaging with the region, be it with people, organisations, the environment, history or culture.

You can sign up to the network here:
